

Littleton at the Crossroads: Rt. 2 @ I-495

Public Forum: Thursday, May 31, 2012 @ 7 PM

Community Room, Police HQ, 500 Great Road, Littleton, MA

The Town of Littleton is launching an economic development planning initiative for the industrially-zoned land near the intersection of Routes 2 and I-495. The Metropolitan Area Planning Council (MAPC) will facilitate our discussion.

The project goal is to provide consensus scenarios for development of the Upper Foster Street/Taylor Street/Porter Road area and the Littleton MBTA commuter rail station. The development vision will guide regulatory changes and infrastructure planning.

Join the Littleton Planning Board and Board of Selectmen to develop a shared vision for this industrial area. All are welcome.
