- 053 Overall I'm satisfied with the services. My big complaint is when are they going to do something about the abandoned Motels on Rte 110. What an eyesore this is.
- 1014 Janet Lavigne's comment that she "doesn't want anything to change" in the newspaper is typical. A diverse & vibrant commercial strip providing for better shopping experience, in town entertainment & more small restaurants would be very welcome in my opinion. We do most of our shopping in Westford, Leominster & Nashua. Imagine the tax revenue & job loss to Littleton if most people in town are doing this. Members should change name to "stagnation board" or join Historical Society. Older people are being taxed out of town. Rip down the middle school and don't rebuild it. Divide classes with Russell Street & new High school plus additions.
- 1019 We need a new Middle School
- 1033 Keep tax rate affordable so seniors can stay in town and young adults don't have to leave
- 104 Light and Water Dept 1+ should be included. A fine department.
- 1042 If the Middle school had been properly maintained, we wouldn't be in the mess we are in now; thus all buildings should be maintained so that we do not need to build new. Crane Ave and Goldsmith Street are awful.
- 1081 Without good schools, the town can't prosper. How do towns like Acton, Westford, and Groton manage? Let's copy their blueprint.
- 1084 Health, safety or whatever affects the most people should be priorities, when possible.
- 1104 Our town is our schools. Add more money
- 1104 Hours, operation, thousands spent in services. Transfer station.
- 1104 I am very dissatisfied with the "leadership" from the Board of Selectmen and the Town Manager.
- 1153 Board of Selectmen - F
School committee - A+
finance committee - b+
- 1153 Board of Selectmen - I am not impressed with you. The Board of Selectmen are by far the very worst lot I have seen in 30 years in town. You have disgraced the town and are an embarrassment to us all.
- 1172 Our children are now in private school
- 11xx Livingston has privately been offensive to every group in town. He blames everyone else for his problems. He controls people. People stopped helping the schools because of him. No one respects him. He is a gossip without checking his facts. Survey parents about their experiences. Privately ask, as they fear him. No one speaks up cause they shoot the messenger instead of hear the message. Everyone has gone to Roland and he does nothing - in denial. They claim the stories are made up. They didn't get the Town Meeting message "BOO" leave. They don't even see the red flag, they blame the citizens for being stupid about the condition of the middle school. Livingston controlled the info and lets you know privately "don't say anything you're not in charge I am". Survey the teachers now. He has prevented it. Why did Chan quit!! Ask.
- 1288 This is reactive gout. Why can't we be more proactive. Prop 2 1/2 is law-overrides are for emergencies-not for poor (or no) planning. Fin com needs to aggressively hold the 2 1/2 line. The school system is important, but the current administration is abysmal.
- 1312 Russell Street School needs renovating
- 1316 The condition of the middle school and resolving the issue needs to be a priority. The Selectman need to present the problem in a manner that convinces the parties that have an opposing view to resolving the issue to change their attitudes. The individuals that vote against the new school have a limited view of the larger picture.

1327 Not taking care of buildings will cost more later, I strongly urge bussing fees be funded. I see children walking down 2A/119 - that's a tragedy waiting to happen - to say if you can't afford fees to speak to school department - what about the families who are too proud and don't want the town to know their personal finances. I support our seniors wanting a space to meet. I want a safe space for Middle School children.

1432 Just moved to the town 6 months ago

1464 We don't need a new middle school - but better maintenance of what we've got.

152 The town needs more restaurants. I have heard too often that they are denied for seemingly absurd reasons, (parking, etc.. My impression is the electric department has far too much money to spend. I would rather see their surplus go to other departments, such as schools.

1582 Taxes have doubled with no explanation.

164 We have not actually needed the Fire or Police, which we think is very satisfying.

168 I very much support initiatives to increase revenue by encouraging new and expanding businesses

1680 During hard times departments should buy what is needed but not necessarily the top of the line- often a lesser product is just as effective for the job.

174 Many roads in Littleton, esp. Bruce Street, need to be repaired. Lots of potholes and bumps. Also, schools need to be a priority.

1974 Great idea. Stop letting others build when \$ is tight already. Thanks

2003 Safety should be our towns #1 priority. The next priority is our schools. The middle school concerns me as far as safety. It is clear that we need a new school and now is the time. Structural problems seem to be interfering with classrooms and learning (I.e. leaking roofs) In a few years I will have my own children attending the middle school and I do not want to deal with more structural issues if this is not taken care of. It is the towns (tax payers) responsibility to keep the children of Littleton safe and provide the appropriate environments in which to learn. Leaking roofs and any other structure problems should not interfere with our childrens' education. The tax payers need to step up to the plate and give the middle school aged children what they need. A new school. In regards to my satisfaction with the school system, I think the teachers & faculty are doing a good job. I've only had positive experiences at Shaker Lane & Russell Street schools. My rating of 3 has to do with building a new school and also the student to teacher ratio in the 1st grade classes.

2020 The town needs to realize that its residents/tax payers have not gotten raises in 4 years, so town employees, such as teachers, the school supt. and police should not either. There is a perception that the town mismanaged the high school construction. That is why voters refuse to fund a new middle school - the taxpayers do not believe the current town leaders can properly manage a project

2048 We seem to need money for many things (especially to build new school) - Why can't we sell off some property (Apple orchard comes to mind) to raise some funds?

2070 Raise taxes to pay for improvements.

2216 Services here are excellent BUT taxes are killing us Seniors. HELP. It's taking 1/10 of my income.

222 I'm a senior and high RE tax kills me (and others)- end plan to build CoA building. End police atation (new) sell land purchased for new building and put to schools - revisit station in 3-5 years. Do large fancy buildings for school really improve education? Fire Station needs larger truck area,

2277 The town needs a hazardous waste day. It's been three years. What aare we supposed to do with our stuff? We are willing to pay for this at the collection site like previous times. It is important to safely have a place & method to collect this stuff so people will be able to remove this stuff from their homes. Thank you

2292 1 child has started at Shaker Lane - happy so far. Worried about perception of towns inhabitants and leaders not supporting a truly excellent educaitional system here. Will be monitoring upcoming middle school vote. Would not mind some increase in taxes for more inventing in schools. Police deserve a new station.

2307 The layoffs have affected bldg. Maintenance- I believe

2326 Middle School poses a severe danger to students and staff

2327 Good education is important - good schools are essential
2329 Give our kids safe schools+good education
2352 So what will you do when the \$1M high school debt service hits the operating budget? Hope the BOS will break precedent and be accountable. A largely useless survey. I'm highly dissatisfied with the BOS and its lack of vision and leadership and how it detracts from every aspect of the positive aspects and potential for Littleton.

2360 Train station: The parking at the train station is in dire need of improvement. It is a shame to have a train station in town that is not fully usable to residents because of the shortage of parking.

2418 Highway & road maintenance - these seem very similar
2459 New to the area
26 Schools should be #1 priority. Sidewalks should be a high priority. A bike path should be a high priority. Please do not destroy tennis courts to build Senior Center- a stupid move.

2608 Conservation Commission 4 Level of service
3111 Maintaining the town infrastructure (roads, buildings) is the highest priority. Next would be attempting to preserve the rural character of the town, open space, planning board.

3126 Dahlia Dr. is very busy. We could use some speed limit signs. People speed down it from all over the lake area.

3157 As a single person and homeowner, I am not involved with the schools, but do see a mismanagement of spending i.e. new high school. In the Long Lake area the street lighting is poor at best on streets. The sidewalks and roads are in need of repair. These areas of need also add to the beauty and value of the town. The feeling I get is that only the schools is what our town selectmen think matters most. We need balance across the board.

357 Will Bruce Street ever be repaved. More than 20 years old.
3613 Town manages it's finances well. Need to jump start some commercial growth and replace all members of the Planning Board. School committee get real.

3692 It is time for 2 1/2 override. Let's be realistic.
3858 highway Department has really kept up with plowing this winter! Bravo. Fire department has been helpful. I have been contacted by and contributed to local Fire and Police departments. Sidewalks important for school children ~ especially in winter. (I'm new in town).

460 Fire, police, schools, roads and conservation are our priorities. Many of Littleton's roads are in poor condition and our taxes should be used for more repair work.

509 I consider this a duplicate entry. Highway and Road Maintenance
528 It is difficult to comment on sidewalks, because in much of the town there are none- where there should be. I would support looking into improving and adding sidewalks in many areas.

552 Moved to town from Acton during Sept 04 and are very satisfied with level of service and tax rate. Keep up the good work.

598 Why nothing about other Boards? Board of Selectmen, Finance Committee etc?
#598 - Does this make the survey not anonymous?

614 Police, School Spec Ed best in country - Library fabulous and dedicated employees.
66 Schools are important - but other services in town need to be supported also. Planning Board needs to fast track development - commercial - they put too many roadblocks etc. in the way - discourage commercial developers, as does conservation and Board of Health. I understand rules & regulations need to be followed, but not "knit pick" each and every item, goes a little too far.

66 Conservation Comm: Road block to development
680 Try this for new public safety complex:
Put the police department in old town office- move fire department offices to current PD building and pump sewer to force main to high school treatment plant! Save 3 million!

706 Wonderful warm community
778 I think the level of services in Littleton in all departments is very good. Many of their services I have not used, although I have lived in the same home for 58 years.

- 779 We need that 3% tax on real estate sales.
- 815 Plan to use more this year
- 921 This survey will not likely provide useable results. It is confusing. Shouldn't I be able to give a budget priority even if I haven't used the service?
Survey is a really good idea!! This survey is poorly thought out+designed.
If we paid someone/a firm to do this form-we should get our money back!!!
This form appears to have been put together by those who did not want a survey. By its design-it will yield poor/limited results > a selffulfilling prophecy.
If you are going to do it it's worth doing well.
- 934 We need to address the issues with the schools ASAP
- ad003 The schools and public safety are the highest priority for spending. The Middle School is a disgrace. Let's go a year or 2 and not purchase any new trucks or tractors.

- 1014 People are afraid of dealing with the Board of Health
- 1055 Approval of questionable septic plans

- 1241 It needs no comment if you have ever tried to work with them.
- 1259 Self-funding

- 2393 We moved to Littleton 4 yrs ago. Our real estate agent told us that the town administration was very supportive of home owners. We have not found this to be the case. Construction near our house and its impact on our poperty was not considered. It seems like certain contractors are allowed to waive Board of Health, etc rules and it makes us distrustful of those officals who were

- 2670 Should have Town Sanitorian

701 Become more used friendly
779 Careful, but slow
806 There should have been better communication of ecoli in water
881 Consistency of rule application would be good.
93 This board does not work well with towns people
930 Overly restrictive
96 They should stick to health - their job is not zoning. House size (growth issues)
ad001 Ira is not a fair person (out of control)
adoo3 Difficult to work with

Building Maint

- 1014 Buildings last forever if properly maintained
- 1033 Middle School

- 1618 New school must have custodial help; middle school is an embarrassment
- 1657 Town Office cost 500K
School costs 2.5Mil
- 1657 Never put money aside to keep all buildings up to par.
- 1674 Excessive budgets for consultants
- 1676 Schools especially bad
- 1680 Only the minimum cleaning is being done in many areas which can hasten the deterioration of floors, rugs and equipment.
- 1974 Look good from a distance?
- 1994 School maintenance is a shame.

1952 Waste a lot of time.
1998 Parks budget needs a boost
2046 They work hard. Need more \$ for roads.
2089 Would like to see more improvement

1998 Outstanding resource
2046 Excellent staff
2089 Would be nice to be the best but.....
2248 more effective use of people; more hours
2292 everyone uses it - says a lot about a town
23 Some places it does not pay to cut corners
2335 Crucial resource. More weekend hours.
2360 Please, no more belt tightening here.
2393 Hours are limited. Would love Sunday afternoon or Friday eve.
2592 It needs enough budget to stay in the consortium
271 Great asset
2714 Love the Library. Use it often! High priority this gives Littleton it's character.

OpenSpace

1014 Good trail systems & literature
1104 We need to knit the parcels together w/ trails, etc.
113 no need for any office parks
1212 Buy as much as you can
1238 overfunded - no more until schools fully funded
1259 Self-funded
1322 How much more do we need?
1380 Must maximize open space.
143 Town has done well
1447 I love and use the conservation land. It would be nice to connect the parcels.
1515 10
1618 Bravo
1672 This area seems under control
1674 Prouty property a good investment
1974 More houses doesn't help much.
1998 No more parcels - focus elsewhere
2089 No more land needed
2228 Until there is extra to spend
2248 have enough
2292 One of the big things which brought us here. Happy to pay higher taxes to keep it that way.
2352 Fund separately from op budget rev
2360 I love it, but enough already.
2393 Desire less construction. More open space.
2670 Unless we have extra \$ this is luxury!
271 need more
3049 If we lose our space we lose our town
307 Stop building on anything that is open
3157 More open space creates less tax dollars for the town
361 Keep buying opens space - Don't not want Littleton to mimic Acton or Westford.
3613 Can't afford right now
3750 Long Lake : nice
3832 Not sure what the difference is between highway dept & roads maintenance. Some of these items (library, coa, parks) should focus on charitable donations not on town money.
386 Successful
400 We have a lot of space; not a priority now
433 Need open space plan to ensure continued preservation of green spaces/reduction in development.
449 We seem to have plenty
460 We believe in more conservation.
60568
638 ConCom needs revitalization
701 Love our open space!
843 happy--would like more if the opportunity presents itself.
965 Important to future of town
abc Important

xxxx why waste money building new roads & sidewalks (Edsel road - baldwin hill area) road
maintenance is not important, town leaderrs what a joke keep raising taxes and you will see this
town revolt. Keep littleton's open spaces, that's good building too much houses.
xxxx keep this town rural

Other

- 002 Great Town, resource ready available. Drive up post office (great idea). Roads well maintained.
- 1119 A multiple of Real Estate people have stated that due to the cost of pupil transportation cost of sport participation, reduced classes & teachers has made Littleton less attractive a place for New People to come in.
- 113 Littleton has many vacant office park buildings, but still is issuing permist to biuild more. There is no need to build more.
- 1143 We wish the school department would spend less on administration and more on the
- 1150 Set term limits for elected offices to 2 terms. Increase our commercial business to increase tax revenue. Make more services available to all citizens. A lot of people are spending their \$'s at retailers in Westford, Chelmsford and Acton.
- 1161 Great town to live in!!
- 1212 We are Apple D'or residents, and pay our fair share in taxes, But still we don't get Road maintenance and school bus service. There should be a faster process to see that thisd is completed because us residents/taxpayer suffer, but we don't have ability for recourse.
- 1226 No Services for Alzheimer's day caser to transportations and from day care
- 1238 Budgeting process unfair to Town's children. Old people are greedy. Some people short sighted. Selectmen harmful to best interest of town and protect their departments at expense pf children. Life insurance should be provided to volunteers for on duty death. Maybe health insurance to improve recruitment and rebuild communication. More use of volunteers. RAISE TAXES
- 1259 What about implementing community preservation act to finance open space?
- 1263 Economic situation of the tax payers (Lay-offs, No Pay increases etc) is not reflected in the town management, e.g. School system, increasing payroll. The town is spending more than we can
- 1297 Have enjoyed and appreciated the School Committee efforts to speak directly to the community. Would like to have more information available on voting issues before election day and town
- 1347 New to Town
- 135 Landfill - Hours need to be extended - one day during week, it should offer option for disposal from 6:30a.m. to whatever to allow going to landfill before work - often times can't get home in time to meet landfill closing hour.
- 1361 Signs --I would like to see a good sign bylaw. Moved recently from Bedford, ma. The roads were in good condition and plowing was excellent. There was also a strict sign bylaw which kept the town looking great.- Littleton has a beautiful common but unsightly signs and building in disrepair
- 1364a BOS & School Committee are dysfunctional. The town finances are a mess as a result. NO Accountability = higher taxes and low property valuations.
- 1380 (a) It would have helped to know the relative weight of each budget as a % of the total budget!
- 1450 People drive way too fast in Littleton and people don't respect crosswalks at all. Just because we are next to a highway doesn't mean that people who enter this town shouldn't respect our laws! And Our people!
- 1450a Twice while walking my baby and crossing two different crosswalks in town people almost ran me over because they are all jazzed from getting off of the highway. I say ticket them like crazy and put the money towards a new middle school.
- 1478 Just because one hasn't used a service doesn't mean one ought not be able to comment on its priority 'n budget, e.g., I haven't used fire services, but it's a priority. I prefer the option of increasing revenue to improve services, not just maintain or even decrease
- 1482 Planning Board is keeping business from coming to Littleton. They make decisions based on personal opinions rather on what's good for the town.
- 1507 Very happy living in Littleton--Seems to me town losing money sending property tax bills in Dec. in lieu of Oct. That's a lot of interest lost--Taxes should be paid in May and Nov.
- 154 NO OVERRIDE

- 1575 Budget levels are related - No one is above other re: priority.
- 1618 Thank you for doing the survey. A lot of good people put up quietly with the rancorous tone of this town's meetings, hoping for a return to a more civil level of discourse.
- 1672 *Comission on Disability not important enough to list??? This committee should work hand in hand with Council on Aging. Maybe you should consider merging the two.
Thanks!
- 1674 A community of 11,000 people at comparitively middle level incomes cannot afford "a cadillac in every category". We need to respect the limits of our taxpayers and how they vote - not plan beyond our ability to pay, not raise taxes (26% at our house) after the community votes "no override" and fail to understand that new properties (like a huge high school) will have huge maintenance costs, increasingly go down the years. Lack of planning, excessive appetites and fees and lack of controls and supervision on projects have created serious problems and divided the community. Now, we opt for a "questionnaire" to escape responsibility.
- 1700 Don't Tax us out of town!
- 1846 We own our trailer in Littleton - 239 Ayer Road - #85 and retired to Sun City West. We are happy to be able to live in Littleton lthe summer to cool off.
- 195 As a new resident I thing access to information should be made easier - schools such as an information packet especially concerning services and trash collection, etc.
- 1985 I have a youn child and view schools as a top priority. If budget and negative attitude toward schools continue we will leave town. This is too bad b/c Littleton is a nice community, but too divided on social support issues. Supporting schools is a win-win. It imporves opportunities for young people, increases home values & encourages community building.
- 199 I live on Ayer Rd Rt 2A although a state road - can'r something be done re the bumps - Trucks go over them at a 19 bank. Esp across from the white house @ the mobile home park @ 239 Ayer Rd.

Ms. June Williams
239 Ayer Road Lot 101

- 2046 Realize the main P.O. is not the town's expense. However, can't PRESSURE be put on whatever gov. agency/politicians, who have the authority, to help us get a new P.O. w/adequate parking?! Irks me to see new P.O.'s in smaller towns (i.e., Harvard, Carlisle, etc.) where there's almost no industry!(& lower population)
- 2055 We don't need to waste tax payers money on a new Middle School-add on to new High School or use an empty business in town! And we need selectman in town, they have been in office to long and only go for their agenda-thing need to change.
- 2087 The road work performed on King Street last fall was not finished very satisfactory. There are large bumps and dips in the road now, which shake the houses when trucks go by. Very poor patch work. The street should be re-paved entirely.
- 2089 Good Luck, I really hope everyone can be satisfied to some extent.
- 217 I think the town is doing pretty well working through these unpredictable economic times. It is uncomfortable at times, but the checks and balances are working.
- 2228 Without "Town Offices" the money coming in stops for all the other choices - you figure out how to run the rest without income and we are all set.
- 2271 Town has focused and overfunded schools - bad contracts and bad management.
- Town has ignored Senior Citizens - need to reduce School budget to improve other services. Time to recognize all of our citizens.
- 23 To me it is obvious that the roads and bridges shoul be replaced or repaired--every road in town is a disaster--We should be ashamed to let our necessities

2307 I understand times are tight-in our house perhaps more so than in many others at least that is what I observe driving around town. However, our tax rate, relatively speaking to other towns is amazingly low! I think everything mentioned above is very important and if other citizens would just realize that it shouldn't be schools vs everyone else-that every single citizen benefits from all the services above-either directly or indirectly-perhaps if this were the consensus instead of always blaming our schools -then this would be an even better place to live! Thanks so much for doing

247 Overall, Littleton is Truly a Fine Town!

2472 We need more tax revenue from local businesses. However, we will never get it if the planning board continues to preserve every open space in the town.

2475 It would be nice to develop a more town friendly center with sidewalk restaurants and more shops

2493 Having a new high school is great but losing programs & teachers is NOT great! Also the middle school is in dire need of repair & renovation

2597 Level fund including (all) salaries.
I am willing to increase reserve to fund (level) salaries (+to avoid layoffs)

2598 When there is vision and proper longer term planning and accountability by the BOS, will the town be in less of a difficult place for willingness to support the more difficult and

2689 Despite the fact that I've indicated a high priority for schools, supervision should be zealously exercised on "nice to have" rather than money spend for the benefit of education.

271 Do not want fire & police chief combined

2714 We love Littleton. Services provided are generally good. We especially love the open space and conservation land. We've lived here a long time and are happy raising our family here.

2907 Interdepartmental Cooperation and Civil Communication

2935 I am new to Littleton as of Sept 04. I have been delighted w the library, the wonderful maintained trails for walking, the plowing of a lot of snow in my area. What I have not rated has not yet applied to my experience. Very friendly community.

3038 The Middle School must be a priority

3049 If I wanted to live in Acton or Concord I would. I don't want to live there. They are not always as nice on the inside as they appear to be.

3049 Do not forget who we are & where we come from as a small town!

3049 I realize busing comes under school. But it should be funded more heavily and treat their workers with more respect. It's a very important job and a very hard job! Use common sense. Stay humble. Be proud of what we are and have here in Littleton.

307 Kids need places to go.

307 would like to see Board work better together. Stop with all these inflated Egos. Work for the betterment of the town. Money is tight all around Departments to stay within the budget. We all want things, but if you can't afford it you can't have it

3102 Senior citizen-Keep the taxes DOWN. I am not making ends meet now. What ever you can do. HELP

3122 Would support override for Schools, Library in general. Would support override to increase Fire department staffing levels. Would not support override for land acquisition/open space. Would prefer narrow roads, don't widen any, lower speed limits if necessary.

3200 We need to up revenues even if that means more property taxes! Our schools need to be improved

3298 We must keep the library in the consortium. We may need to increase taxes to meet town needs, but long term, fixed income seniors need a tax break. Let's keep this a quality town.

3310 The failure of the Board of Selectmen to file annually for Littleton's share of the Federal CDBG funds. Through this fund, 20% of the fund can be used to hire a person to oversee the program; in addition, that person could go after other State and Federal grants that could help the town

3316 Town vehicles (LELD) should not be used to plow town employees driveways

3376 As someone who creates research surveys, This one has too much overlap & ambiguity

3442 Schools and maintenance of buildings (esp.) schools - most important - no roof leaks

3508 Need excellent schools, fire and police to keep up value of homes
358 Town services in general are good but could be improved. Library hours have been cut to the bare minimum--ditto fire & police staff. Schools eat up too much off the budget--Seniors get ignored
361 Entertain more cost effective ways of disposal. Cost per bag? Or private pick up (Transfer Station)
3614 Too much on schools with no exceptional returns.
3641 School zones should be posted by now. Cooperate with the State before a serious accident occurs here! Where are the signs and lights!

372 Let's start maintaining what we have - (schools -old highway building Town offices). It's far too costly to replace with new maintenance is much cheaper.
3722 We are in the middle of the blizzard and the road is clear! Many thanks to the Highway Dept.
3750 Would like Health Dept to make my neighbor clear the trash and debris from yard and get rid of 2 dozen feral cats on King (between Lake & Beach)

386 Thanks
3943 I'd like to see Road at Light 110/119 smoothed out.
422 Explanations of what each does would help!
These are too many department. Why is Highway different than road maintenance?
429 If we cannot increase revenue by allowing businesses to come in then we need to increase taxes or do an override for the schools and a reasonable town budget. We have done a poor job on building
429 I do think the planning board does not encourage growth in business. They are too restrictive for example--McLaughlins 100 parking spaces and Andrews for a convenience store crossing
473 Schools are high priority, but spending more money is not always the best option. I think a survey for priorities of funding for the schools would be advantageous and a learning experience for all.
476 History of overspending by the schools has us in a real bind now.
605 Our future is with our children!!
633 Make all same side sidewalks, especially group home and to high school
678 As a senior who is having difficulty keeping up with my RE tax payments, I do not want my taxes increased to support a new senior center. I feel it will serve a small group. Also as a town, we do not have the money to not only build but also furnish

700 The most pressing problem we have seen is the need for better financing of schools, even if it means raising taxes. (We are senior citizens)
701 School Department needs to be more open . Remember students are first priority.
743 Town needs better oversight of Board of Selectman, so that they don't get rid of things that work and implement things that are ineffective and waste money!

766 I realize each and every dept in Town needs funds badly. However there is just so much money in our Town's citizen pocket books, and you can't squeeze blood out of a stone. The threats and horror stories connected with "If you don't give us money for our budget" just don't work when people feel that they have given all they can, and there is no more left. It seems unimportant that people need their own private money first. Charity begins at home.

767 Board of Selectment
823 Current crop of selectmen are an embarrassment to Littleton, You're supposed to work for us in an open and honest manner, remember?
843 We need a new middle school--I would be appalled if I had children going there!! Very disappointed selectmen would encourage us citizens to vote it down last year--Then switch sides that year.--What is their problem? Very disappointed in their cost us
843 Bad move selectmen made making Chief leave Shame on you
844 For the 3 months I have lived here this seems like a very pleasant place to live
898a School Dept should live within their budget. They could exercise the use of volunteers which they did years ago. We don't want higher taxes or overrides. Once an override is not approved, it should NOT keep being put on the ballot.

965 Take better care of town schools, children need smaller class sizes and safe buildings.
984 Roads are in terrible shape. Need to prohibit heavy trucks from roads such as Residential Harwood Ave where people try to walk. Trucks are costing us too much in resurfacing as the unnecessary heavy traffic is chewing up the roads.
abc I wish tht less trees/wooded areas/ fields were being knocked down to become housing.
ad001 We pay big money in taxes. We have no kids. The Town should take control around the train station area. The roads are horrible and the parking area is a disgrace to Littleton.

1593 I support this but not at the expense of other services.

1674 Important & attracts new homeowners
1676 Town should not fund!
1998 Decent offerings
2020 Park & Rec always cries poor-mouth, but I personally pay a lot of money for my kids activities. What are they doing with all that money? My friends here in Littleton ask the same question.
2089 Must at least maintain
2360 With more funding, this could be a real gem for the town.
2393 Not enough Adult exercise classes.
2670 Shouldn't be funded by Town
3049 Do more fundraising - Bake some cookies
307 Kids need places to go
307 Stop building on anything that is open
3613 Pay as you go with scholarships
386 OK
4 Meager and overpriced offerings
473 I don't mind paying higher fees for my kids activities.

3157 They lhave been talking about redoing Goldsmith Street now for 5 years it seems.

433 Need housing plan to better manage future development/growth (e.g. Chap 40B projects).
476 Need to work in a coordinated way
598 Should hold developers to higher standards

701 Good Job
701 Excellent

Police

1014 Professional & courteous
104 Very helpful
1134 excellent
1150 We do not need to create a position to oversee the fire department safety officer.
1153 Not impressed with the chief playing politics.
11xx Kelly had to embarrass him into firing someone who made sexual comment to parent. L. said parents made story up.
123 Lived in town 58 years got very 1st speeding ticket this Holiday. NO warning, \$100 ticket , 10 MPH over limit, schools closed, going to work. Police seem to be making their own budget & income. Other town residents getting tickets also. This needs to be addressed now or later. We live here, pay the taxes, and all make mistakes, heavy handed policing not needed!
1238 excessive manning
1362 Excellent
1447 Have been courteous and helpful.
1450 Too much speeding on King Street!
1482 Over staffed
149 Need an animal control officer

1639 Highest importance
1674 "State of the art" station not affordable
1676 Keep School Officer
1998 Adequately funded
2020 Too many police officers for this town. Need to cut the force and budget.
2046 Why so many??
2089 Sooner or later must grow
2130 Chief Kelly of the Police Department is power hungry and feels he is untouchable.
2130 We are afraid of the department
217 I think the police are doing a great job for the town
2216 excellent service
222 Sell land set aside for schools budget
2248 difficult to work with
2352 BOS has protected police at expense of other town services throughout the last 5 years.
2360 metrics show them well funded

- 1134 roads need attention
- 1153 Jim Clyde does good work
- 1212 Our street hasn't been accepted yet. From 200K, 300K, 400K, 500K, 600K, 700K, etc.

- 1985 Too much spent on sanding my small road 3-4X in a snow storm.
Spend less on road in storms
- 199 Very important esp Rt 2A @ 239 Ayer Rd
- 1994 Harwood is a disgrace.
- 1998 Need a more aggressive schedule
- 2046 Plowing is good, however in our travels, we find Littleton has terrible roads in comparison
w/similar sized towns. Harwood Ave (thru town forest area) is almost impassible! Also Harvard Rd
to Harvard line, Bruce St & others. Getting so they're mainly potholes, patches & ruining cars.
- 2089 like to see improvement
- 2089 Like to see improvement

- 3046 Goldsmith Street Under chapter 90 (State) ?? Long over due and cut speed to 25mph safety thank

3049 These people do a great job!
3122 bumpy narrow roads = slower drivers
3157 Goldsmith Street is lousy
3157 Lake Drive seems like the only road not resurfaced in the area.
3336 We live on Samoset Trail after we all voted to put public water in our area, we were promised new roads. Only 2 roads have been done in about 4 years.... Pot holes are a constant problem in our
3346 Many roads need repaving.
359 It would be nice to see improvements in Bruce St. Now that Ellen Peterson has moved away

Thanks for the inquiry

3628 Intersection of 119 & 110 needs road repair.
3750 Plowing good, Goldsmith is too bumpy
3776 Much of Goldsmith Street could use repaving.
386 Great work
39 Things going from bad to worse
400 "Patching" doesn't do it
416 Main roads Okay - side roads not so.
422 Fix 119 and 110 intersection!
433 Good overall--However, pothole repair could improve.
441 Bruce Street
442 Not satisfied but understand the local and state fiscal issues
460 Roads need paving and repair
473 King St. @ 2A/119 needs to be repaved desperately for 8 years.
495 Should Fix Goldsmith Street
5 Side roads not plowed well
58 Some roads are in terrible condition
630 There are some really poor roads including Goldsmith Street.
701 Needs a lot of improvement
779 Repave Goldsmith Street
806 There are many potholes (esp. on Harwood)
823 Roads and bridges are a wreck. Harwood Ave through town forest or example.
843 some need repaving They do their best with what they have!
918 2A (where it crosses 495)- The road surface is in very poor condition.
997 Very good dept, but limited by lack of funds.
xxxx wasted too much \$ on roads

School

- 1014 Great teachers & principals
- 1092 Emphasis on some programs need modification
- 1104 Our town is our schools, add money
- 113 Assess priority checklist for best use of limited funds
- 113 schools should try to find areas where their funds should be allocated. Need to assess priority items and issues better.
- 1132 Heading in the right direction
- 1134 Too much, too fast
- 1150 * fund M.S., maintain Sm. Class sizes
* Maintain Services, NO MORE CUTS!
- 11xx Livingston needs to go-no one dares to speak out against him-he retaliates against children
- 1212 Show what extra taxes would be
- 1238 Quality is fading because of insufficient funds
- 1259 Middle School needs funding
- 127 Shaker Lane is top notch, after that the schools decline.
- 1336 Build the new Middle School.
- 135 Nothing is more important for our future....
*Out children have been out of school for several years. Don't like what I hear & read about current school committee and superintendent of schools.
- 1362 Our children depend on us to support them.
- 1362 I think it is a disgrace that we don't stand up to support our children. our school system and consequently our property value. Many young families will leave this town if we don't properly invest in our most valuable assets - the children.
- 1380 Must learn to live within fiscal constraints.
- 1432 high priority
- 1438 Fund the public school system. Free public education is threatened by lack of funding - it is not fair to today's children.
- 1438 Top priority
- 1447 Schools are my #1 priority for funding
- 1464 Totally mismanaged
- 1515 1
- 154 They get too much of total budget now
- 1558 Teachers most important!!!
- 1582 Fund schools before new buildings
- 1593 Concerned about growing class size due to insufficient budget-need more teachers.
School dept needs to be more conservative w/teachers/admin salary increases at next negotiation-why was there no BOS oversight of this last time? Also BOS need to recognize inevitable growth in school budget due to special ed. Costs-this should not result in cuts to regular ed program!
Town should take over the role of providing bus service +build it into the budget-too many fees for basic "public school" services-these things should be provided through our taxes-busses should not be considered "optional" in this town! This is a safety issue+should be a basic service provided
- 1618 Well-managed and great teachers
- 1639 Highest importance. Important but needs to show actual budget like all other departments and be responsible on spending just like all the rest. They go over budget and assume we'll all pay.
- 1672 Goals are slowly being met

1674 More than community can afford
1680 My children are adults
1770 replace the middle school
1770 Please stop changing the schools
1974 Education is a must.
1998 Good teachers, poor management
2020 Staff too big. Livingston only lays off teachers. The town should not lease him a car and should cut his salary before teachers be laid off.
2074 The schools administration needs to act in a more profession management of their responsibility while the Town (like many others) is in a fiscal shortfall.
2089 Not sure what the answers are, BUT...
2216 Have paid 45 years. 1 child
222 Utilitarian and basic buildings only
2228 Cannot close everything for schools
2248 Schools - no innovative thinking on living with less money
2248 no accountability; not flexible
2271 Cost/pupil and buildings very high - results poor needs new management
2292 Nothing is more important to everyone who owns a home and cares about it's continued value.
2307 Schools have suffered from lack of funds.
2326 Middle School condition
2335 Vital for property values & our kids.
2360 School committee and advisor are working hard to move in the right direction - \$\$ will really help their efforts.
2393 We do not have children but feel that money used for the classroom and for better payment to teachers is money well spent.
2419 If the school spent more time teaching and less time bitching and trying to more pay (for less work) this town would be better off.
2469 I am upset by lack of support for our schools by the town.
2493 Renovate the Middle School!
2598 The investments have not been truly made that are critical and necessary by the community
26 Schools need more money to maintain the services we had in 02-03. It's shameful to have cut the educational programs and teachers you have cut. Educating our children should be our highest
2706 The school system if seriously underfunded.
2907 New Middle school building & upkeep of all schools need improvement
3049 Schools need to be creative and more frugal
3157 Mismanage money
3298 Need quality teachers +
3511 School Dept is Fiscally irresponsible
3522 We need a new Middle School. This overshadows all other budget concerns.
359 Too expensive, no pool
3613 level fund
3641 (High School) School zone not marked! Very dangerous situation. Why the delay???
3668 Took my daughter out
386 Fine
39 School committee priorities need redress
400 High priority but does need to be in balance with the rest of the the town needs
422 Not enough value for money spent

429 # 1 priority
433 * Prioritized concerns: #1 Need new middle school, #2 - Increase # of teachers to reduce class sizes, #3 - Ensure emphasis remains on academics/curriculum versus extracurricular activities -- We support increaing revenues to achieve these objectives!
433 Education of our kids is our #1 priority!
(see concerns below*).

442 I am very unsatisfied with the level of service but this has very little to do with the fiscal crisis, although it doesn't help. There needs to be system changes made in the schools. Specifically poor performing personnel and a better math program at the lower levels.

449 This should be an A BUT there have been so many mistakes over the past years that have left a negative feeling with residents.

476 Overspending - causing problems
528 Most important priority
58 Quality schools increase property values
605 They are the future and need our help
614 Spec. Ed is wonderful
630 Have no children
678 need to control the spending
701 Need new administrator
701 We're okay without more
751 Shaker Lane School
766 My children are long out of school - no interest in schools.
843 We need a new school (middle) Its disgusting and a disgrace
881 Look into addidng classrooms to high school to accomodate middle school rather than build new
93 Must have new Middle School
934 HELP
96 Of course we want well educated kids , but that doesn't mean endless \$\$\$. Way too much overhead.
965 Should have overall top priority

Sidewalks

- 1014 Could use more on busy roads
- 1104 Sidewalks on Great Road
- 1132 What sidewalks?
- 11xx Because of schools and busing
