

NOTICE

FROM THE BOARD OF ASSESSORS

Littleton, Massachusetts

In compliance with the Dept. of Revenue's Certification and interim regulations, the Littleton Assessors' office will be visiting all the properties in town to measure and list all real estate and personal property. The office staff will do an interior and exterior inspection of the homes to verify the information. Since the original appraisal information is on the property record card, each visit only takes about 10-15 minutes. The purpose of the visit is simply to verify information, checking to see if there are any additions or corrections to be made. The staff will be going door to door to collect this data and will have identification which they present at the time of the visit. If no one is home, a card will be left on the door asking the homeowner to call the assessor's office. We will measure outside property dimensions and document the attempted visits before leaving. If you have any questions, or if you prefer an appointment, please call the Assessors' office at 978-540-2410.
