Re: Commercial Development Parking Plan Site for 160 Ayer Road that's before the Littleton Planning Board Department (LPBD) Hearing on August 6, 2020

Dear Chair Crory:

Upon my discussion on this date with Ms. Maren Toohill in the LPBD and after a review of the parking site plan for handicapped parking [H/P], it is my **recommendation** that the proposed handicapped parking spaces near the building be relocated to the [**CENTER**] of the parking area near the building.

Looking at the plan and counting from the [**RIGHT**], parking slot [#9] should be one regular [H/P], parking slot [#10] should be used as the [**RAMP**] slot, and parking slot [#11] be the second regular [H/P] parking slot.

The Van [H/P] can remain in the [**CENTER**] of the parking space near 160 Ayer Road. This [design] will allow the van to have use of the {**SAME**} ramp, as the two (2) other H/P spaces. One (1) ramp can serve the three (3) H/P spaces, instead of using two (2) ramps. In my opinion, Madam Chair, this will serve our handicapped citizens much better than the current proposal given for handicapped parking at 160 Ayer Road.

Very sincerely yours,

S/s George A. Sanders, Sr.
