To whom it may concern:

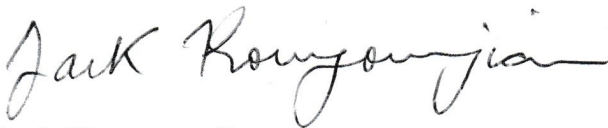

Christine Nordhaus visited and we discussed the parking situation. Here is the information I provided to her.

Monday-Friday, there are five of us working during the busiest shift, 7:00am-3:00pm. 3:00-5:00, my brother or I work here alone. Saturdays, there are three of us at most 10-5, Sundays it's just me 1-5.

I need eight parking spots for Cherrystone and am happy to share the rest with Littleton Apothecary or any of the other businesses here.

Christine has offered to supply signs for some of the spaces in front of my shop that say Cherrystone Parking Only 10:00am-5:00 pm.

Thanks,

Sign example I showed Jack Kouyoumjian of Cherrystone Furniture. Jack and I agree that we want the signs to feel inviting and friendly. I offered to provide Jack, at my expense, with as many of these signs as he'd like. We agreed to determine a number when I place my order for all the other signs I'll need.
