Comments of BPAC from 3-14-2023 Meeting

254, 256, and 260 Ayer Road

- i. MassDOT presented a plan to upgrade this intersection in 2018. The plan includes pedestrian crossings, signals, and sidewalks. Redevelopment of the entrances to the gas station should support this plan.
- ii. Placing a bicycle rack at the upgraded station would encourage bicycle traffic from nearby camping and housing.
