Hi Maren, I'd like to express my support for Jamie Cruz and her plan to expand SpringDell and create new revenue streams.

I've only lived in Littleton for a short time, but bringing my young family to the farm has been the highlight of several weekends, especially for my two-year-old son. They deserve the opportunity to expand and grow, as they have quickly become a staple of Littleton, and a showcase of what this town was in the past, and what can be in the future.

Thank you for your time.

Sincerely,  
Lane Atteridge
