Subject: SpringDell Farm to the attention of Planning Board

**\*\*THIS EMAIL WAS SENT BY AN EXTERNAL SENDER\*\***

Dear Planning Board members-

I am writing to express my support of the Special Permit application from the owners of SpringDell Farm.

I regularly travel to the farm to purchase local produce. I often shop at Market Basket for some items and stop by the farm for my produce. It is the only area farm stand I use and is an example of sound land management. I was so happy to see their expanded store open last year.

I hope the Planning Board will support their application and preserve one of the best local farms around.

Sincerely,

Rebecca Cheney, Harvard
