Hello,

By now I am sure you know that Farmer Jamie put out a call for help. I am positive that your email has been flooded. SpringDell is amazing. Jamie is amazing.

Her passion for farming is seen by anyone who talks to her for a moment.

I do not know anything about composting. I do not know much about farming. Everything I know about farming; I have learned from Jamie. She answers all of my questions, no matter how small. She helped me start my own garden, where things actually grew!!!!

I trust Jamie. I know that she wouldn't harm her land or anyone else's. She is a kind person who wants to not only build and promote her business, but also build up others when she can.

I rely on SpringDell to provide 80% of my household produce. There is very little I get elsewhere.

My kids are the best eaters because of the farm. They had a good healthy source from their first bite. My whole family is healthier because of the farm.

Please help Jamie make her dreams come true. Help her grow her farm and her business. Help her keep my family fed and happy.

Thank you for taking the time to read this.

SpringDell supporter,
Liana Laddaga Lech
