****THIS EMAIL WAS SENT BY AN EXTERNAL SENDER****

To whom it may concern,

I've lived in Ayer since 2012. Since that time I have enjoyed shopping at my local farms. Spring Dell Farm is one I really love. They clearly love what they do and it shows from the moment you're greeted while you're shopping. I believe the town would suffer a great deal if this farm were not in our community. We need our local farms and I pray that you will consider how this will impact our community if they were not here to serve us.

Kind regards,

Lisa Mullins
