

General Information

What authority does the Board of Appeals have?

The Board of Appeals obtains its authority under the Massachusetts General Laws Chapter 40A §14 and the Town of Littleton's Zoning By-law 173-6 to hear and decide *appeals*, to hear and decide applications for *Chapter 40A special permits*, and to hear and decide petitions for *variances*. The Board of Appeals also hears and decides applications for *special permits for low and moderate income housing* under Massachusetts General Laws Chapter 40B Sections 20, 21, 22, and 23.

What is an Appeal?

Pursuant to Massachusetts General Laws Chapter 40A §8 and Littleton Zoning By-law 173-6 B(3) and 173-6 B(5) the Board of Appeals hears and decides appeals by any person aggrieved by any written order or decision of the Zoning Enforcement Officer or other administrative official in violation of any provision of Massachusetts General Laws Chapter 40A or the Littleton Zoning By-laws. Building permits withheld by the Building Commissioner acting under MGL C. 41, §81Y as a means of enforcing the Subdivision Control Law may also be issued by the Board of Appeals. Action taken by the Building Commissioner acting under the Code of Littleton Chapter 152 will also be heard by the Board of Appeals. *If the Zoning Enforcing Officer or other administrative official does not issue a written order or decision, the Board of Appeals will not hear the appeal.* Appeals from the written decisions of the Zoning Enforcement Officer or other administrative official must be filed with the Office of the Town Clerk pursuant to Massachusetts General Laws Chapter 40A Section 15 within thirty (30) days from the date of the written order or decision which is being appealed. **Failure to file a timely appeal is fatal.**

What is a Chapter 40A Special Permit?

Certain uses of property are permitted as a matter of right. However, the Littleton Zoning By-laws provide that other uses are not allowed in certain zoning districts, and that specific types of uses shall only be permitted in specified zoning districts upon the issuance of a Special Permit from the Board of Appeals pursuant to Massachusetts General Laws Chapter 40A § 9, 9A, and 9B. Special Permits may be issued only for uses which are in harmony with the general purpose and intent of the By-law, and may be subject to general or specific provisions set forth therein, and such permits may also impose conditions, safeguards and limitations on time or use. A Special Permit, unlike a Variance, may be conditioned by limiting its duration to the term of ownership or use by the Applicant. When a Special Permit application is accompanied by plans or specifications detailing the work to be undertaken, the plans and specifications become conditions of the issuance of the permit. Therefore, once a Special Permit is granted, modification of the plans or specifications require as a prerequisite, modification of the Special Permit through the filing of a successive Special Permit application. No building permit may be issued by the Building Commissioner for a use or structure that requires a Special Permit until 1) a Special Permit has been granted by the Board of Appeals, 2) the expiration of the twenty (20) day appeal period pursuant to Massachusetts General Laws Chapter 40A Section 11, and 3) the Special Permit has been recorded at the Middlesex South District Registry of Deeds. The Building Commissioner shall require proof of recording at the Registry of Deeds from the Town Clerk prior to issuance of a building permit. No party is entitled "as a matter of right" to a Special Permit. The Board of Appeals, in the proper exercise of its discretion, is free to deny a Special Permit even if the facts show that such a permit could be lawfully granted. **Special Permits 40A shall lapse 24 months following the granting unless substantial use or construction has commenced.**

What is a Chapter 40B Special Permit?

Chapter 40B is a state statute, which enables local Boards of Appeals to approve affordable housing developments under flexible rules if at least 25% of the units have long-term affordability restrictions. Also known as the Comprehensive Permit Law, Chapter 40B was enacted in 1969 to help address the shortage of affordable housing statewide by reducing unnecessary barriers created by local approval processes, local zoning, and other restrictions. Its goal is to encourage the production of affordable housing in all communities throughout the Commonwealth. **Special Permits 40B shall lapse 3 years from the date the permit becomes final unless construction authorized by a comprehensive permit has begun, or unless specifically noted otherwise in the permit by the Board of Appeals.**

What is a Variance?

A Variance is a waiver of the zoning rules adopted by the Citizens of Littleton at Town Meeting. A Variance may be granted pursuant to the Littleton Zoning By-laws and Massachusetts General Laws Chapter 40A Section 10. Accordingly, it is only in rare instances and under exceptional circumstances that relaxation of the general restrictions established by the Zoning By-laws are permitted. A Variance is distinguished from a Special Permit. The Variance is used to authorize an otherwise prohibited use or to loosen dimensional requirements otherwise applicable to a structure. No person has a right to a Variance. *Variance of "use" is almost never granted by the Board of Appeals. Variance of "dimensional" requirements is granted in rare occasions.* **The Board of Appeals has no discretion to grant a Variance unless the petitioner provides evidence, and that the Board of Appeals determines that, owing to circumstances relating to the soil conditions, shape, or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located, a literal enforcement of the provisions of the ordinance or by-law would involve substantial hardship, financial or otherwise, to the petitioner or appellant, and that desirable relief may be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of such ordinance or by-law.** Even if the Board of Appeals find that such hardship exists, it may exercise its discretion and not grant a Variance. No building permit may be issued by the Building Commissioner for a use or structure that requires a Variance until 1) a Variance has been granted by the Board of Appeals, 2) the expiration of the twenty (20) day appeal period pursuant to Massachusetts General Laws Chapter 40A Section 11, and 3) the Variance has been recorded at the Middlesex South District Registry of Deeds. The Building Commissioner shall require proof of recording at the Registry of Deeds from the Town Clerk prior to issuance of a building permit. **Rights authorized by a Variance must be exercised within 1 year of granting, or said variance shall lapse.**

Littleton Zoning Board

Dear Littleton Zoning Board of Appeals:

We have been notified that our proposed addition to our home on 4 Wannalancit Trail does not conform to the 30' from the street requirement and are here tonight to ask that you review our request for a special permit.

We currently have a small kitchen and dining area (dining area is a built-in banquette) and have been saving for quite some time to add a kitchen and dining area addition.

The proposed addition is 20' x 14', single story, and would align with the gable end of the house with a 4' set back from the corner of the house closest to Wannalancit Trail. We have been notified that the proposed addition will not meet the required front set back – proposed is 28.1' and required is 30'. Due to the age of our home, and the requirements that were in place when it was built, our existing structure is already non-conforming due to lot size, frontage, front and side offsets.

The overall size of the addition is not extravagant – interior dimensions will allow approximately 9'x13' of dedicated space in each the kitchen and dining area – we are concerned that anything smaller would cause the space to feel cramped. The addition facing the backyard is designed to match up with the back corner of the house and we would like that to remain.

We are hopeful that you will grant our request for a special permit. We love our neighborhood and Littleton, so are hoping we'll be able to make some changes that will allow us to continue to stay in this home.

Thank you in advance for your consideration.

Sincerely,

Steve Martel

Sharon Martel
