G. Criteria for conditional approval. The Approving Authority may impose conditions on a Development Project as necessary to ensure compliance with the District requirements of this Section XXXI and applicable Design Standards, or to mitigate any extraordinary adverse impacts of the Development Project on nearby properties, insofar as such conditions are compliant with the provisions of G.L. Ch. 40R and applicable regulations and do not Unduly Restrict opportunities for development.

H. Criteria for denial. The Approving Authority may deny an Application for Plan Approval pursuant to this Section XXXI of the Bylaw only if the Approving Authority finds one or more of the following:

- (1) The Development Project does not meet the requirements and standards set forth in this Section XXXI and applicable Design Standards, or that a requested waiver therefrom has not been granted; or
- (2) The Applicant failed to submit information and fees required by this Section XXXI and necessary for an adequate and timely review of the design of the Development Project

or potential Development Project impacts.

- I. Time limit. A project approval shall remain valid and shall run with the land indefinitely provided that construction has commenced within two years after the decision issues, which time shall be extended by the time required to adjudicate any appeal from such approval. Said time shall also be extended if the project proponent is actively pursuing other required permits for the project or if there is good cause for the failure to commence construction, or as may be provided in an approval for a multi-phase Development Project.
- J. Appeals. Pursuant to G.L. c. 40R § 11, any person aggrieved by a decision of the Approving Authority may appeal to the Superior Court, the Land Court, or other court of competent jurisdiction within 20 days after the Plan Approval decision has been filed in the office of the Town Clerk.

If 20 days have elapsed after the decision has been filed in the office of the Town Clerk without an appeal having been filed or if such appeal, having been filed, is dismissed or denied, the Town Clerk shall so certify on a copy of the decision. A copy of the decision or notice of Application shall be recorded with the title of the land in question in the Middlesex County South Registry of Deeds and indexed in the grantor index under the name of the owner of record or recorded and noted on the owner's certificate of title. The responsibility and the cost of said recording and transmittal shall be borne by the owner of the land in question or the Applicant.

- K. Waivers. The Approving Authority may waive the bulk and dimensional, parking, and other provisions required by any district created pursuant to this Section and may waive specific requirements or recommendations of applicable Design Standards upon a finding that such waiver will allow the Development Project to achieve the density, affordability, mix of uses, and/or physical character allowable under this Section or the specific district.
- L. Project Phasing. The Approving Authority, as a condition of Plan Approval, may allow a Development Project to be constructed in one or more phases.

§ 173-236 Change in Plans After Approval by the Approving Authority

- A. Minor Change. After Plan Approval, an Applicant may apply to make minor changes in a Development Project involving minor utility or building orientation adjustments, or minor adjustments to parking or other site details that do not affect the overall build out or building envelope (i.e., general massing, height and bulk) of the site, or provision of open space, number of housing units, or housing need or affordability features. A change of 5 percent or less in the number of housing units in a Development Project shall constitute a minor change. Such minor changes must be submitted to the Approving Authority on redlined prints of the approved plan, reflecting the proposed change, and on application forms provided by the Approving Authority. The Approving Authority may authorize such changes at any regularly scheduled meeting, without the need to hold a public hearing. The Approving Authority shall set forth any decision to approve or deny such minor change by motion and written decision, and provide a copy to the Applicant for filing with the Town Clerk.
- B. Major Change. Those changes deemed by the Approving Authority to constitute a major

change in a Development Project because of the nature of the change in relation to the prior approved plan, or because such change cannot be appropriately characterized as a minor change as described above, shall be processed by the Approving Authority as a new Application for Plan Approval pursuant to this Section.

§ 173-237 Design Standards

To ensure that new development shall be of high quality and consistent with the Town's expectations in adopting this Article and any districts established under this Article, the Approving Authority shall adopt the Design Standards governing the issuance of Plan Approvals for Development Projects within the districts established under this Article and shall file a copy with the Town Clerk. Such Design Standards shall not extend beyond the scope of the elements explicitly permitted under 760 CMR 59.04(1)(f).
