

Prouty Woods – Easy Hike

This walk is along a wide dirt road. It's a little over a mile round trip down to Long Lake and back, with a nice bench down near the water. If you're up to a little bit of a hill, you can follow the road that veers off to the left as you're going down to Long Lake. This will take you up to the Wilderness House and some nice views. There is a picnic table up there. You can get a full description and maps of all the trails at the Littleton Conservation Trust page: <https://littletonconservationtrust.org/trail-guide/>
