Hi Maren,

LWD has reviewed the site plans for the proposed subdivision known as Strawberry Farms at 95 Taylor Street and the applicant has addressed all of our concerns regarding the water infrastructure at this location. Additionally, we have requested that the open water portion of the parcel to be subdivided be granted to the Littleton Water department as it falls within our Zone I Aquifer Protection Area. As this was a late request on our part, we have not heard a definitive response from the applicant as of yet.

Thank you,

Corey Godfrey
