MEMORANDUM

Project Name: Strawberry Farm Subdivision
Subject: Site Visit No. 05
Date: October 25, 2024
Time: 9:00 AM
Location: 95 Taylor Street, Littleton, MA
Weather: Sunny, 55 degrees
Prepared by: Andrew Heinz
Attendees: Mark Gallagher Sr., Seal Harbor Companies (MG)
Andrew Heinz, Green International Affiliates, Inc. (AH)

Site Visit Summary:

AH made a site visit to observe the placement of hot mix asphalt (HMA) intermediate course and meet with MG.

Site Observations:

- Final preparation was performed to fine grade and compact roadway subbase for the shared driveway prior to placement of HMA.
- Crew began paving of 19mm intermediate course starting at the proposed turnaround and then continued from the dead end side of the shared driveway toward Taylor Street.
- HMA compaction followed by roller. AH monitored HMA temperatures and intermediate course thickness throughout paving operations.
- Final compacted thickness was measured to be 2.5" after compaction as shown in endorsed plans. Temperatures were also adequate.
- Total HMA – 71.75 Tons.
- After paving, the proposed grading for infiltration basins began.
- AH and MG discussed construction status and schedule. Grading at basin and the installation of headwalls is expected for next week
