Town Moderator:

Town Meeting Procedures

In our continuing effort to streamline and improve the efficiency of Town Meeting, and after having discussed ways to improve the process with the Board of Selectmen, the Town Clerk and Town Counsel; as Town Moderator I am proposing the following procedures for this Special Town Meeting:

• **Presentations** - The individual, board or committee responsible for placing an article on the warrant will be permitted ten (10) minutes to make a presentation once the main motion is properly before Town Meeting. A single presenter is greatly preferred and in the event of multiple presenters no additional time shall be granted. Presentations in opposition will likewise be limited to 10 minutes and must be approved in advance of Town Meeting by the Moderator. The Moderator reserves the right to grant no more than two minutes of additional time to presentations that he believes Town Meeting would benefit from hearing in their entirety.

• **Limits on length/number of speeches** - Speakers shall be limited to no more than four (4) minutes and no one shall speak more than once per article except for the following situations: responses to questions posed by and through the Moderator, brief clarification of a previous statement with the permission of the Moderator, or by majority vote of Town Meeting.

• **Time limit for consideration of new business** – The Town Meeting shall not begin consideration of any new warrant article after 10:30 p.m., unless the Moderator determines that there is a reasonable likelihood of concluding the Town Meeting prior to 11:00 p.m. and a majority of the Town Meeting votes to continue its business later into the evening.
Town Moderator: “A Call of the Articles”

Additionally, we will continue with “A Call of the Articles” which was successfully introduced at this year’s Annual Town Meeting, to speed up the passage of warrant articles which should generate no controversy and can be properly voted without debate allowing additional time to debate more significant articles.

Specifically, as one of the first orders of business at Town Meeting, the Moderator will call out the numbers/ titles of the articles, one by one. Any voter who has doubts about passing any motion, or wishes an explanation of any article, should say the word “hold” in a loud voice when the article number is called by the Moderator. The Moderator will inquire as to whether the request is for a question or for debate. If the purpose of the request is merely a question then an attempt will be made to obtain a satisfactory answer. If the purpose is to hold the article for debate, the article will be removed from the list of articles included in the “Call” and restored to its original place in the warrant to be brought up, debated and voted in the usual manner. It is hoped that voters will remove articles from the “Call” only in cases of legitimate concern.

After calling each article on the Warrant, the Moderator will ask that all remaining articles in the “Call” be passed as a unit by unanimous vote. There will be a motion to take all the articles identified in the “Call” and act upon them by means of a single, brief affirmative main motion which will be inclusive of the separate and specific motions as printed in this Report.

The use of “A Call of the Articles” is intended to speed up passage of warrant articles which each Town Meeting voter believes should generate no controversy and can be properly voted without debate and give Town Meeting additional time to thoughtfully consider the rest of the warrant articles.

More information about Town Meeting is available online at http://www.littletonma.org/townmeeting.

Thank you for your cooperation in implementing these procedures and allowing me the privilege of serving as your Moderator.

Timothy D. Goddard, Town Moderator
FY2020 Tax Bill Impact Summary

This information summarizes the impact on the FY2020 property tax bill for an average residential property, as a result of the spending already approved by the May 6, 2019 Annual Town Meeting and the financial articles proposed for this October 28, 2019 Special Town Meeting.

Amounts transferred from account balances or free cash do not impact the property tax. As was the case at the May 6, 2019 Annual and Special Town Meeting, in total the FY2020 spending plan includes an estimated residential property tax levy of $28,666,443. For the average residential property assessed at $439,658 its property tax bill is projected to increase by $237.72 or 2.99% - from $7,944.32 in FY2019 to $8,182.04 in FY2020—as a result of this recommended spending plan.

The FY20 spending plan also incorporates the use of $295,891.26 in Debt Exclusion Stabilization Funds approved in Article 5 of the May 6, 2019 Annual Town Meeting. These funds will be applied towards the debt service of the previously authorized excluded debt of the Town for projects such as the Middle School and the Police Station. These funds are estimated to reduce the tax impact to the residential taxpayer from $8,239.19 to the $8,182.04 mentioned above, or by $57.15 on the average residential property.

| Total FY20 Net Appropriated Budget Adjustments | $31,360,493 | $15,689 | $31,376,182 |

[Article 2 represents a number of different transactions, generally (1) for budget numbers 122-210, it represents adjustments to the FY2020 operating budget by moving money between budget line items, (2) for budget numbers 300 and 301, the final net Chapter 70 state aid figure for the Littleton School Department was $2,989,239, which is $30,948 more than the estimate of $2,958,291 available at the May 2019 Town Meeting. Of that $30,948, an unbudgeted assessment of $15,259 is required to be reserved for payment to the Essex North Shore Agricultural & Technical School, resulting in a net amount of $15,689 available to increase the School Department’s appropriation. The School Committee requests to increase its FY2020 appropriation by the remaining amount of $15,689, and (3) for the transfers listed, reduces the Park, Recreation and Community Education (PRCE) transfer into the general fund for field maintenance to zero dollars, includes a repayment from PRCE to the general fund in the amount of $55,528, and re-authorizes, now that the funds are available, a total of $650,000 from ambulance receipts to the general fund for FY2020.]

[Article 3 would authorize the expenditure of up to $85,000 to complete the design portion of the repairs needed for the Police Station building and to make any necessary temporary repairs to the building until permanent repairs can be made. 2. rescind the cable studio appropriation and transfers as voted under Article 4 (budget line item 197) of the May 6, 2019 Annual Town Meeting; and
3. credit all future revenue received in conjunction with the LCTV Inter-Municipal Agreement with the Town of Boxborough to the PEG Access fund as established under M.G.L. c.44, §53F ¾, or to take any other action in relation thereto.

[Article 6 appropriates existing funds to be utilized for FY2020 salaries and expenses related to the operation of the Littleton Community Television cable television studio and it redirects all future revenue received through the Inter-Municipal Agreement with the Town of Boxborough to be deposited into the Receipts Reserved for Appropriation from the Public, Education and Government (PEG) Access and Cable Related Fund as opposed to the]

[2/3rds vote required]

To see if the Town will vote:

(1) To appropriate approximately $6,000,000 (with the final number to be presented by the Board of Water Commissioners at Town Meeting) to pay costs of installing water department facilities and infrastructure to reduce concentrations of per- and poly-fluoroalkyl substances (PFAS) at any location deemed by the Board of Water Commissioners to be in the best interests of the Town of Littleton and for the study, analysis, and design of a permanent water treatment facility capable of lowering iron, manganese, PFAS, and/or any other regulated substance below their respective Massachusetts drinking water standards; to determine whether this amount shall be transferred from available funds, borrowed or otherwise provided; to designate parcels U41-38-0 and U41-44-0, or any other land under the control of the Board of Water Commissioners or in the town right of way, as land required for the construction of said water treatment facilities and infrastructure, said lots being a portion of the property described in
(2) To authorize the Board of Selectmen to petition the General Court, on behalf of the Town, for passage of a special law to allow the town to designate the parcels of land located off Whitcomb Avenue and shown as Assessor’s Map U41, Parcels 38-0 and 44-0 as water department land to be used for the construction of a water treatment facility, said lots being a portion of the property described in a deed recorded in the Middlesex South Registry of Deeds in Book 19902, Page 089, and to remove any Article 97 designation from the lots, if such designation exists, and to place Article 97 protections on parcels shown as Assessor’s U-40-15-0 and U-41-35-0 (to remain in the custody of the Board of Water Commissioners for water supply protection purposes) or to take any other action in relation thereto.

[LWD voluntarily tested its water sources for a family of chemical contaminants known as PFAS. The man-made pollutant was found in the Spectacle Pond well in June, and the most recent sampling in August also discovered it in the Whitcomb Avenue wells. The levels are below current federal and state guidance values. However, LWD plans to install PFAS filtration to remove it.

With a new treatment plant already planned for the Whitcomb Avenue wells, LWD is exploring the option of piping Spectacle Pond well water to that facility for treatment. This may be a more cost-effective option than building a second new treatment plant to replace the outdated Spectacle Pond facility. However, our consulting engineers are currently evaluating multiple options and LWD will proceed with the one identified as the most expedient, effective, and fiscally responsible.

For the next steps in this project, LWD is asking Town Meeting to approve approximately $6 million for:

- Installing temporary, emergency facilities and infrastructure to reduce concentrations of PFAS in the near term.
- Designing and beginning construction of permanent facilities and infrastructure to remove PFAS from the water supply.

The article would also clarify the planned site of the Whitcomb Avenue treatment plant is for water department use and is not conservation land. LWD plans to seek Article 97 conservation protection for land across Whitcomb Avenue in exchange for the new plant location. This property, located in the aquifer protection zone, is far more ecologically valuable and is currently being restored to its natural state.]

Library Building Project Construction - Borrowing
[2/3rds vote required]

To see if the Town will vote to borrow, transfer from available funds, and/or otherwise provide a sum of money to be expended under the direction of the Permanent Municipal Building Committee for architectural, engineering, project management, construction management (pursuant to M.G.L. c. 149A) or general contracting (pursuant to M.G.L. c. 149, 44A-44J, et seq.) as determined by the Permanent Municipal Building Committee, and/or other services necessary for the design, construction, equipping, and furnishing of a new Reuben Hoar Library (the “Project”), including the payment of all other costs incidental and related thereto, and that to meet this appropriation, the Treasurer, with the approval of the Selectmen, is authorized to borrow said amount under and pursuant to M.G.L. c. 44, §7(1), or pursuant to any other enabling authority, and to issue bonds or notes of the Town therefor. The total amount authorized to be borrowed by this vote shall be reduced by: (i) any and all grants received by the Town from the Massachusetts Board of Library Commissioners for this Project; and (ii) the amount of any and all gifts, grants and donations received by the Town for this Project, as long as said grants, gifts and donations are received prior to the issuance of any bonds or notes. Any premium received upon the sale of any bonds or notes approved by this vote, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with M.G.L. c. 44, §20, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount. While not a legal condition to the borrowing of funds authorized by this vote, it is the expectation of this Town Meeting that a Proposition 2½ debt exclusion question, so-called, relating to this project will be placed before the voters of the Town at an election, or to take any other action in relation thereto.

[Article 13 would authorize the borrowing of a sum of money to undertake construction of the new library building to be sited behind Shattuck Street Town Offices. At the time of printing the cost of this project is $14,503,938, of which $1,500,000 was authorized by Article 5 of the May 6, 2019 Special Town Meeting. The final total cost of this project will be offset by the provisional grant award made by the Massachusetts Board of Library Commissions in the amount of $5,844,744 which will be paid to the Town in five installments after certain project milestones are met. In addition, the Board of Library Trustees have been fundraising and those funds will be applied to reduce the total project cost. At the time of printing, the Board of Library Trustees raised $519,912.88 and received pledges in the amount of $162,000. This article would not be contingent upon a Proposition 2½ vote, however, voters will have the option at a future town election (i.e. ballot vote), which is anticipated to be on May 9, 2020, to decide whether or not the debt and interest payments would be paid within the tax levy or excluded from the tax levy.]

Classification & Compensation Study

To see if the Town will vote to raise and appropriate a sum of money for a Classification & Compensation Study, or to take any other action in relation thereto.

[Article 14 would raise funds for the purpose of revising the Classification and Compensation Plan, as has been the Town's recent practice, every 3 years. A Request for Proposals has been solicited and as of the printing of this warrant, the cost of the project was not available. The amount requested will be presented at Town Meeting.]

2. By amending Section 22, by deleting and adding words as shown below with strikethrough/underlining:

   Personal days provide a means for employees to secure time off when such time is needed for important personal reasons, allowing that reasonable notice be provided the Department Head and the absence does not interfere with the operation of the Department. All full time benefit eligible employees shall receive 24 hours of three paid personal time on July 1st to use during the fiscal year. Part-time benefit eligible employees will be granted pro-rated personal leave according to the percentage of their regularly scheduled hours relative to full-time service of 40 hours per week. Personal time may be taken in hourly increments but may not be carried over to the next fiscal year and are not paid out upon separation of service.

   A new full time benefit eligible employee hired after July 1st shall in that year receive paid personal days as follows:

   - Three personal days 24 hours of personal time if hired prior to October 1st;
   - Two personal days 16 hours of personal time if hired prior to January 1st;
   - One personal day 8 hours of personal time if hired prior to April 1st.

   New part-time benefits eligible employees will be granted pro-rated personal leave according to the percentage of their regularly scheduled hours relative to the above schedule.

or to take any other action in relation thereto.

   [Article 15 updates Schedules B-1, C-1, and D to address the minimum wage change effective January 1, 2020 and revises references to personal days in the Personnel By-law so that they are consistent with the current calculation of personal days, given the recent change to a new payroll software (Munis).]

Motion: Moved and seconded by the Board of Selectmen that the Town vote to approve Article 15 as printed in the warrant.

Finance Committee, Personnel Board and Board of Selectmen support Article 15.
To see if the Town will vote to amend the General By-laws of the Town of Littleton by adding a new section 94-4, “Firearms Dealers,” to Chapter 94 of the Town Code, to read as follows:

§ 94-4. Firearms Dealers.
A. The objectives of this Bylaw are to:
   1. Ensure that firearms dealers licensed by the Town of Littleton operate in a manner that protects public safety; and
   2. Ensure that the Town of Littleton has adequate financial resources to carry out required inspections of firearms dealers.
B. This Bylaw is adopted under the authority granted by the Home Rule Amendment of the Massachusetts Constitution and the Home Rule Procedures Act.
C. Terms used in this Bylaw shall have the definitions set forth in M.G.L. c. 140, §121.
D. Safety Requirements

Upon approval by the Board of Selectmen, such regulations shall be provided to the Littleton Town Clerk.
   2. Violation of such regulations shall be punished by a fine of $300 per violation. Each day of noncompliance shall constitute a separate violation. E. Inspection Fees
   1. The Chief of Police shall calculate a fee for annual inspections (as required by M.G.L. c. 140, § 123) of licensees under M.G.L. c. 140, §122, that reflects the costs incurred by the Town in performing those inspections. Such fee amount shall be stated in a notice signed by the Chief of Police and provided to the Littleton Town Clerk. The Chief of Police may modify the fee annually.
   2. The total amount of annual inspection fees for the three-year license term must be paid by the licensee within 30 days of license issuance or renewal. Licensees possessing licenses on the effective date of this bylaw shall pay the annual fee prior to each annual inspection for the remainder of the term of their existing licenses. Failure to pay such fees by the time required shall be considered refusal to submit to an annual inspection;

or to take any other action in relation thereto.

[Article 16 adds a new section to the Town By-Laws to allow the Town to charge firearms dealers the costs associated with carrying out necessary inspections, to protect public safety.
