TOWN OF LITTLETON, MA

FORM C:

APPLICATION FOR APPROVAL OF DEFINITIVE PLAN

Date: August 2019

File 3 completed forms with the Planning Board with 12 copies of the plans, plus original Mylar. File a copy of form and plan with the Town Clerk in accordance with the requirements of Chapter 249.

To the Planning Board:

The undersigned Applicant herewith submits the accompanying Definitive Plan of property located in the Town of Littleton for approval as a Subdivision as under the Subdivision Control Law and the Subdivision of Land Regulations of the Planning Board of the Town of Littleton.

1. Location of Property:
   195 Tahattawan Road Littleton, MA

2. Name(s) and Address(es) of Applicant:
   Glavey Family Trust (Paul Glavey Trustee)
   PO Box 381
   Littleton MA, 01460

3. Name(s) and Address(es) of Record Owner(s):
   Glavey Family Trust (Paul Glavey Trustee)
   PO Box 381
   Littleton MA, 01460

4. Name and Address of Engineer or Surveyor:
   Goldsmith, Prest & Ringwall Inc.
   39 Main Street, Suite 301
   Ayer, MA 01432

5. Title of Plan: Definitive Subdivision Plan - Open Space Development - Healy Corner Littleton, MA

6. Date of Plan: August 2019

7. Owner’s Title Reference: Deed of Glavey Family Irrevocable Trust dated August 9, 2017, [recorded at Middlesex South Registry of Deeds in Book 69747, Page 302], [filed at the Middlesex South Registry District of the Land Court as Document No.], and noted on Certificate of Title no. in Registration Book , Page  .

8. Zoning District: Residential
TOWN OF LITTLETON, MA

9. Assessor's Map and Parcel Number: R07-1-0

10. Number of Lots on the Plan: 17 (Open Space Development)

11. Said plan [X] has or [ ] has not evolved from a preliminary plan submitted to the Board on

File-171088
Healy Corner
Definitive Subdivision – Open Space Development
195 Tahattawan Road, Littleton MA

Narrative to accompany Definitive Plan Application:

Site Description

The proposed residential open space subdivision, Healy Corner, is located at 195 Tahattawan Road in south-central Littleton. The project area consists of one parcel containing a total of 44± acres, approximately 1 ¾ of a mile from Littleton Common. Primary site access is off Tahattawan Road, with parts of the parcel along Harwood Avenue. The property consists of wooded area, unmaintained meadow, wetlands, and an existing single-family dwelling with surrounding lawn area located along Tahattawan Road. The area around the existing dwelling is the general high point of the property at elevation 307± and then moderate to steep slopes towards the southwest to a wetland area with elevations ranging from 255± to 265±. The wetland resource area is located within the southwestern portion of the property, generally receiving surface runoff. Within the wetland resource area is a flagged intermittent stream channel along the southeast edge of the property. Located outside the parcel’s limits to the northwest is a stream and associated river front area. A flagged potential vernal pool is located at the southern portion of the abutting property owned by Two Hundred Seventy-One Harwood Avenue Nom. Realty Trust which is outside the limits of the development.

Project Description

The proposed development consists of a 17 residential lot subdivision with 12 proposed dwellings along the proposed Dennis Circle roadway, 2 proposed dwellings at the end of proposed Alfred Trail private roadway/shared driveway, and 2 proposed dwellings and 1 existing dwelling having access off Tahattawan Road. The proposed roadway, Dennis Circle, will provide access to the entire development, continuing 665± linear feet to a “q” shaped cul-de-sac turnaround. Located off Dennis Circle is the proposed Alfred Trail private roadway/shared driveway, extending 660± linear feet from its intersection at Dennis Circle, providing access to the 2 proposed dwellings. To collect and treat stormwater runoff from Dennis Circle a closed drainage system is proposed. To collect and treat stormwater runoff from Alfred Trail an open drainage system is proposed (See Stormwater Management Report for more details). The construction of Dennis Circle, and Alfred Trail, and proposed dwellings will require removal of vegetation, site grading, excavation, and erosion controls. Along Alfred Trail is a proposed wetland crossing, which is why we have proposed a wetland replication area. (See attached “Definitive Subdivision Open Space Development Healy Corner” plan set for further descriptions and details)
Construction Sequencing:

1) Install erosion controls.
2) Prepare existing land for construction: limited clearing, stonewall and foundation removal, define temporary stockpile areas.
3) Prepare roadway materials and infrastructure.
4) Install roadway and infrastructure.
5) Prepare for lot development.
6) Develop lots.

Prior Approvals:

Prior to filing this Definitive Plan Application, the applicant filed a Preliminary Subdivision Plan, “Preliminary Subdivision Plan Healy Corner 195 Tahattawan Road Littleton, MA” prepared for Glavey Family Trust by GPR, Inc., with the Littleton Planning Board. This plan was approved by the Littleton Planning Board by means of 5-0 votes in favor of the project as an Open Space Development, on February 7, 2019. Along with this submission, we will also be submitting a Notice of Intent with the Littleton Conservation Commission.
Definitive Subdivision Open Space Development: Direct Impact Report

1) Environmental analysis:

The site, designated by the assessors as R07-1-0, is in the southern portion of the town of Littleton, MA. The site is composed of a variety of different soil types ranging from hydraulic soil group B to D. Located throughout the site are Bordering Vegetative Wetlands (BVW) and a stream flows outside the North Western property limit. Due to the various wetland fingers of BVW located on site, work is proposed to be done within the 100’ Buffer, and one wetland crossing is proposed to reach an upland area of development. The work associated with this project will comply with the Wetlands Protection Act as well as the Town of Littleton Wetland Bylaw.

Vegetative coverage analysis
The site consists of a variety of landscapes including wetlands, mature trees, vegetative areas, and open fields. The existing house, 195 Tahattawan Road, will be retained. The intent is to maintain the existing house and associated out structures on a lot. The land to the south and east of the house is mostly meadow with the land sloping from the east to the west. Most of the property to the west and southwest of the house is wooded with a mix of deciduous and evergreen trees. The property has several ridges that run north south from Harwood Ave to the rear of the property.

Surface water and groundwater quality and level
The proposed development of single-family homes is subject to the Massachusetts Stormwater Management Standards. Best management practices proposed will include a combination of closed and open drainage in a de-centralized manner. The project will use catch basins, a sand filter, a sediment forebay, and an infiltration basin. The majority of roof run off will be collected within the above BMP’s. Proposed lots 1 and 2 will use Stormtech Chambers to capture and infiltrate roof runoff. As outlined in the Stormwater best practices, runoff will be treated to remove eighty percent of the Total Suspended Solids (TSS) prior to infiltration or discharge. Domestic waste water will be treated through on-site shared septic system design, Perc-Rite drip system, in accordance with the Title 5 and the Littleton Board of Health regulations. The domestic wastewater will be collected via an E-One low pressure force main, and pumped to a common septic tank, and dosing chamber before being pumped to the leaching area.
*Effects and priority and estimated habitat for rare and endangered species, outstanding botanical features and scenic or historic environs*

The subject property is not within any Estimated Habitat for Rare or Endangered Species. This is based upon the most recent mapping on the MASS GIS layer for NHESP. There is a flagged potential vernal pool located just off the subject property to the northeast of the site. The homestead at 195 Tahattawan Road is one of the older dwellings in Littleton and the surrounding community having been built in the early 1700’s. Because of the historical significance, the existing dwelling will remain.

*Capability of soils, vegetative cover and proposed erosion-control efforts to support proposed development*

Based upon the Natural Resources Conservation Service Web Soil Survey, the project site has a wide variety of soil groups. The site includes Canton, Carlton-Hollis-Rock outcrop complex, Paxton, Woodbridge, Ridgebury, Whitman and Freetown Muck soils. These soils will help direct the design of the septic systems and stormwater management based on their hydrologic group ratings and percolation rates. The type and classification of the soils will also have an impact on the type of best management practices used for the development.

Erosion controls will be used throughout the development during the construction process until the project has been completed and stabilized. These will include Construction entrance(s), siltation barriers, silt sacks and erosion mats. Using best management practices, the project will protect the resource areas from unintended impacts.

*Relationship to the requirements of the Wetland Protection Act*

The development of the project will require the filing of a Notice of Intent for a detailed approach to the work within the Wetland Protection and the Littleton Conservation Commission’s jurisdiction. Stormwater management, the access to various dwellings and yard areas will require review and development in harmony with the State and local regulations.

2) Traffic Study (Moderate Project):

See traffic study prepared by Traffic Engineering Consultants, Inc.

3) Sanitary Sewer Study:

As mentioned previously the project will have on-site shared septic system, Perc-Rite drip system, designed in accordance with the Massachusetts Title 5 and the Littleton Board of Health regulations. The domestic wastewater will be collected via a E-One low pressure force main, and pumped to a common septic tank, and dosing chamber before being pumped to the leaching area. The proposed system will have no impact on existing sanitary systems.
4) Water Study:

Town water exists on both Tahattawan Road and Harwood Road. The project proposes to extend the use of the public water system into Dennis Circle. The proposed water mains, services, and hydrants have been designed in accordance with the Littleton Water Department.

5) Public Works Cost:

Based on discussion with the Littleton Planning Board, once the final Definitive Subdivision Plan is approved, the town will conduct a cost estimate for the development of the site.

6) Municipal Service Costs:

The proposed 16 dwellings and 1 existing dwelling are to be single family dwellings. Based on the Town of Littleton’s average municipal service costs, we can assume that same average can be applied to the 16 proposed dwellings and 1 existing dwelling.
Waiver Request List:

Reference to the "Code of the Town of Littleton, Massachusetts - Chapter 249 - Subdivision of Land Regulations" as adopted on 2012.

Section 249-32A(1)(a)(ix) - Application Procedure
Required: Depict roadway cross-sections.
Requested: Waive the requirement to depict roadway cross-sections.

Section 249-32D(2) - Site Plans and Profiles
Required: …Cross-sections cut at 50-ft or closer station intervals and at all critical locations shall be provided with the Site Plans…
Requested: Waive the requirement to depict cross-sections at 50-ft or closer station intervals.

Section 249-32F(1) - Typical Street Cross Section
Required: Typical street cross section for each class of street within the subdivision, drawn at one inch equals 4 ft…
Requested: Provide a typical street cross section for each class of street within the subdivision, drawn not to scale.

Section 249-43E(3) - Landscaping and Aesthetics
Required: …Trees shall be planted on both sides of the street and shall be spaced at intervals of 40 ft…
Requested: (11) Street trees are provided for the site, locating outside of the right of way at various intervals due to the location of proposed driveways and preservation of existing treelines.

Section 249-43E(9) - Landscaping and Aesthetics
Required: The minimum size of street trees shall be three inches in caliper, measured four feet from the ground level…
Requested: Street trees shall be 2.5" in caliper with a minimum height of 10 ft.

Section 249-51(H) - Stormwater Management
Required: …The pipe inlets discharging into the basin shall be at or above the 25-year storm event ponding elevation…
Requested: Pipe inlets discharging into the basin is lower than the 25-year storm event ponding elevation.

Section 249-51(H) - Stormwater Management
Required: … A minimum 30-ft setback as measured from the top of the inside slope to all property lines shall be required.
Requested: Waive requirement for a minimum setback from property lines to stormwater basins.
Section 249-59(C) - Utility Providers Written Approvals

Required: …The developer to submits written certification of approval of the design by all utilities which are to provide services within the subdivision.

Requested: Waive the requirement of the written certification of approval, to be provided prior to construction.

Section 249-73 - Curbs

Required: All curbing shall be MassDOT Granite Curb Type VA-4 or as approved by the Board and shall be installed on both sides of the street and for the total length of the street…

Requested: Sloped granite curb Type SA to be provided for the entire subdivision.

Section 249-81(A) - Sidewalks

Required: There shall be sidewalks 5 ft in width on both sides of all collector streets and on one side of all minor streets.

Requested: Waive the requirement to provide sidewalks along Dennis Circle. Two trail head parking areas are to be provided for three cars each. One along Harwood Ave. for access to “Nelly’s Path” and one along Dennis Circle with a path/trail to “John's Way”.

QUITCLAIM DEED

I, ALFRED F. GLAVEY, surviving tenant, of Littleton, Middlesex County, Massachusetts,

for consideration paid and in full consideration of LESS THAN ONE HUNDRED AND 00/100 ($100.00) DOLLARS

grant to PAUL J. GLAVEY, Trustee of the GLAVEY FAMILY IRREVOCABLE TRUST, under Declaration of Trust dated February 6, 2017, a Certificate of which is recorded herewith, with an address of 195 Tahattawan Road, Littleton, Middlesex County, Massachusetts 01460,

with Quitclaim Covenants

The land in said Littleton, being more particularly described in the following deeds, to wit:

Joseph Stevens of Chelmsford to Dennis A. Haley of Littleton, dated March 31, 1885 and recorded with Middlesex South District Deeds, Book 1703, Page 414; George A. Sanderson of Littleton to D. A. Haley of Littleton, dated April 19, 1889 and recorded with said Deeds, Book 1906, Page 582; Daniel Darling to Joseph Alfred Haley, dated December 16, 1873, and recorded with said Deeds, Book 1906, Page 579; Carrie W. Johnson to Dennis A. Haley, dated April 20, 1889, and recorded with said Deeds, Book 1906, Page 585; Charles F. Flagg to Dennis A. Haley, dated April 21, 1893, and recorded with said Deeds, Book 2923, Page 396; Timothy Sullivan to Dennis A. Haley, dated November 29, 1909, and recorded with said Deeds, Book 3486, Page 343; Walter H. Titcomb to Dennis A. Haley, dated September 5, 1916, and recorded with said Deeds, Book 4080, page 333; Alfred F. Conant et al to D. Alfred Haley, dated March 29, 1907 and recorded with said Deeds, Book 3294, Page 57; Excepting from the above a certain parcel of land conveyed by Ellen H. Glavey to Thomas W. McNiff et ux by a deed dated May 12, 1953, and recorded with said Deeds, Book 8075, Page 37.

Excepting therefrom, Lot 1 as described on Plan No. 545 of 2015 conveyed by Deed dated July 17, 2015 and recorded with the Middlesex South District Registry of Deeds in Book 65753, Page 375.

Meaning and intending to convey all of the “Remaining Land of Alfred F. and Estelle M. Glavey” so-called, on Tahattawan Road and Harwood Avenue as depicted on said plan.
Containing 43.500 acres of land more or less.

The undersigned hereby releases any and all Rights of Homestead which have been declared in the property or have been granted as a matter of law and further states under the pains and penalties of perjury that there are no other persons entitled to protection under the Homestead Act.

Being a portion of the premises conveyed to Alfred F. Glavey and Estelle M. Glavey, by Deed dated August 29, 1955 and recorded with the Middlesex South District Registry of Deeds in Book 8552, Page 386. See Death Certificate of Estelle M. Glavey recorded herewith.
Executed as a sealed instrument this 6th day of February, 2017.

ALFRED F. GLAVEY

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss. February 6, 2017

On this day, before me, the undersigned Notary Public, personally appeared the above-named ALFRED F. GLAVEY, who proved to me through satisfactory evidence of identification, which was the presentation of a driver's license, to be the person whose name is signed on the preceding document, and acknowledged to me that he signed it voluntarily for its stated purpose and who swore or affirmed to me that the contents of the document are truthful and accurate to the best of his knowledge and belief.

Re: Certified List of Abutters for Planning Board (300 feet - public hearings, special permits)

Applicant: Jamie Dancause Name of Firm: GPR
Mailing Address 39 Ayer Rd, Ste 301, Ayer, MA 01432

Subject Parcel Location 195 Tahattawan Rd
Subject Owner: Glavey Family Irrevocable Trust
Subject Parcel ID: R07-1-0

M.G.L. Chapter 40A, Section 11. “In all cases where notice of a public hearing is required notice shall be given by publication in a newspaper of general circulation in the city or town once in each of two successive weeks, the first publication to be not less than fourteen days before the day of the hearing and by posting such notice in a conspicuous place in the city or town hall for a period of not less than fourteen days before the day of such hearing. In all cases where notice to individuals or specific boards or other agencies is required, notice shall be sent by mail, postage prepaid. “Parties in interest” as used in this chapter shall mean the petitioner, abutters, owners of land directly opposite on any public or private street or way, and abutters to the abutters within three hundred feet of the property line of the petitioner as they appear on the most recent applicable tax list, notwithstanding that the land of any such owner is located in another city or town, the planning board of the city or town, and the planning board of every abutting city or town. The assessors maintaining any applicable tax list shall certify to the permit granting authority or special permit granting authority the names and addresses of parties in interest and such certification shall be conclusive for all purposes. The permit granting authority or special permit granting authority may accept a waiver of notice from or an affidavit of actual notice to any party in interest or, in his stead, any successor owner of record who may not have received a notice by mail, and may order special notice to any such person, giving not less than five nor more than ten additional days to reply.”

I hereby certify the attached list of abutter(s) as stated in the M.G.L. Chapter 40A, Section 11.

Number of Abutter(s) 36 including the subject parcels + 1 Applicant Requesting Abutter’s List.

Certified by:

Celia Jornet, MAA
Assistant Assessor
